AVINASH SARIPALLI

Software Developer • MERN Stack & React.js Specialist

Hyderabad, India | +91 9603883879 | avinashsaripalli2000@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Results-driven **MERN Stack Developer** with hands-on professional experience at **Karncy Ventures** designing and maintaining responsive, high-performance web applications. Proficient in architecting modular user interfaces with **React.js** and **Material UI**, managing scalable application state using **Redux**, and integrating robust **RESTful APIs** with **Node.js** and **MongoDB/MySQL**. Passionate about clean code standards, intuitive UX, and agile delivery. Available for immediate joining.

TECHNICAL SKILLS

Frontend Development:	React.js, Redux / Redux Toolkit, JavaScript (ES6+), HTML5, CSS3, Material UI, Tailwind CSS, Responsive Web Design, Context API
Backend & APIs:	Node.js, Express.js, RESTful APIs, JWT Authentication, Role-Based Access Control (RBAC), Asynchronous Architecture
Databases & Tools:	MongoDB (Mongoose), MySQL, Git, GitHub, Postman, VS Code, npm, Chrome DevTools
Core Competencies:	Component Lifecycle Optimization, Web Performance Tuning, Agile/Scrum Collaboration, Cross-Browser Compatibility, Debugging

PROFESSIONAL EXPERIENCE

Software Developer • Karncy Ventures Private Limited (Hyderabad, India) — **October 2024 – Present**

- Architected and deployed responsive, user-centric web interfaces using **React.js and Material UI**, standardizing reusable component libraries and accelerating frontend sprint velocity by **25%**.
- Implemented scalable global state management architectures utilizing **React Hooks and Redux Toolkit** to orchestrate complex user flows and multi-step dynamic forms.
- Integrated and optimized high-throughput **RESTful APIs** with asynchronous data pipelines, ensuring seamless real-time data synchronization between frontend modules and backend microservices.
- Engineered secure **role-based access control (RBAC)** dashboards with JWT session handling for administrators and regular staff tiers.
- Conducted systematic web performance profiling and asset optimization, reducing initial load latency and guaranteeing smooth cross-browser responsiveness across all devices.
- Partnered actively with UI/UX designers and backend engineers in **Agile Scrum cycles**, participating in daily standups, sprint reviews, and peer code audits.

PROJECTS

Employee Management System (EMS) — React.js • Node.js • Express.js • MySQL • JWT — **Full-Stack Application**

- Developed a full-stack, enterprise-grade workforce management suite with dedicated role-based portals for Admin, Manager, and Employee tiers.
- Integrated secure **JWT authentication**, token-based session verification, dynamic leave application workflows, and automated employee profile CRUD.
- Engineered interactive analytical dashboard charts using **Chart.js** connected to REST APIs for real-time visualization of departmental attendance and headcount trends.

CP-ABE-HP: Secure Cloud Data Sharing — Java • Cryptography • Cloud Security — **Research & Architecture**

- Designed a Ciphertext-Policy Attribute-Based Encryption (CP-ABE) model enabling fine-grained, policy-based access control for multi-tenant encrypted cloud data.
- Guaranteed user anonymity and attribute confidentiality by engineering hidden policy structures and an instant user revocation mechanism without system re-encryption.
- Optimized attribute management and key distribution algorithms, significantly reducing compute and storage overhead in cloud environments.

MERN E-Commerce & Inventory Storefront — React.js • Redux Toolkit • Node.js • MongoDB — **Web Application**

- Constructed a modern responsive online store with dynamic product cataloging, multi-criteria filtering, and search indexing via MongoDB Atlas.
- Engineered persistent shopping cart state management with **Redux Toolkit** and local storage sync, featuring a simulated multi-step checkout workflow.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering — 2019 – 2023
Sir C. R. Reddy College of Engineering • Eluru, Andhra Pradesh — **CGPA: 6.74 / 10**

Intermediate (MPC: Mathematics, Physics, Chemistry) — 2017 – 2019
Sri Chaitanya Junior College • Eluru, Andhra Pradesh — **CGPA: 9.5 / 10 (Distinction)**
